RIESLING SPARKLING

WARREN HILLS AVA

Hand-picked at night in mid-September 2023, our Sparkling Riesling captures the freshness of the vineyard at its peak. The grapes were whole cluster pressed to preserve their delicate aromatics and purity of fruit, with fermentation carefully halted to retain a touch of natural sweetness.

Using forced carbonation to achieve 4.5 BAR of pressure, this sparkling wine is crafted in a bright, lightly sweet style with just 2.4% residual sugar and a balanced 9.5% alcohol. The result is a clean and vibrant expression of Riesling's character in sparkling form.

On the palate, it shows juicy pear and zesty citrus layered with elegant floral notes, delivering a refreshing finish that invites another sip. Enjoy it as an aperitif, with spicy dishes, or alongside light seasonal fare to celebrate any moment with effortless elegance.
